Accredited by NAAC with "B" Grade

INTERNSHIP REPORT

Long-Term Internship Programme

FOR BSC BOTANY STUDENTS-2025-2026

FROM 01 December 2025 to 30 March 2026

1. Introduction

A long-term internship was organized for the students of BSC BOTANY Honours from 1st December 2025 to 30th March 2026. The internship aimed to provide students with practical exposure and a deeper understanding of Forensic Science and Fingerprint Technology, bridging the gap between theoretical knowledge and practical application.

2. Internship Provider

The internship was conducted in collaboration with:

Trinethra Forensic Science and Services

A recognized institution specializing in various branches of forensic science, including fingerprint analysis, crime scene investigation, and forensic documentation.

3. Student Participation

A total of 30 students participated in the internship:

The program provided hands-on training sessions, demonstrations, and interactive lectures tailored to the academic level and interest of the participants.

4. Internship Mentors and Coordinators

Mentor:

K.USHA RANI

Mentor played a crucial role in guiding students throughout the internship, ensuring they gained meaningful insights and actively engaged with the content.

Internship Coordinator:

- Dr.G.Manikya rao Lecturer in physics

Principal:

- D.Ravi kumar

The principal extended full support and encouragement, ensuring the smooth execution of the internship program.

5. Internship Highlights

- Introduction to forensic science principles and history
- Hands-on practice with fingerprint collection and analysis
- Demonstrations of various forensic investigation tools and techniques
- Exposure to real-life case studies and crime scene analysis
- Training in evidence preservation and documentation techniques
- Q&A sessions with forensic experts from Trinethra

6. Outcomes and Learning

- Students gained foundation knowledge of forensic science applications in real-life situations.
- Improved skills in observation, analysis, and scientific reporting.
- Enhanced understanding of the role of chemistry and biological sciences in forensic investigations.
- Boosted interest among students to pursue careers in forensic sciences and related fields.

S.NO	NAMEOFTHESTUDENTS	REG.NUMBER	MENTOR
1	A.SREE NAGAVALLI	221017149044	K.USHA RANI
2	B.RAHUL	221017149045	K.USHA RANI
3	CH.SUDHA RANI	221017149046	K.USHA RANI
4	CH.DURGA BHAVANI	221017149047	K.USHA RANI
5	K.JEMIMAH	221017149048	K.USHA RANI
6	K.RAMA CHANDRA REDDY	221017149049	K.USHA RANI
7	K.LAKSHMI PRASANNA	221017149050	K.USHA RANI
8	K.NAVYA SARIKA	221017149051	K.USHA RANI

7. Conclusion

The internship program, conducted in partnership with Trinethra Forensic Science and Services, was a great success. It offered a unique opportunity for students to explore forensic science beyond textbooks, developing both academic and practical skills. The enthusiastic participation of the students and the dedication of the mentors contributed significantly to the program's success.
